A BEAUTY PAGEANT SHOW

ABOUT INDIA ICON 2026

India Icon 2026 is India's first national beauty and personality pageant built entirely around Indian identity - not as a stepping stone to international stages, but as a destination in itself.

Presented by Vastra Media - the team behind VASTRA Magazine and India International Fashion Week - India Icon 2026 travels across 8 states, conducting auditions at premier fashion and management institutes before culminating in a Grand Finale at Zee Studios, Jaipur.

800 participants will audition. 160 will be selected. 40 will reach the Grand Finale. 10 will be crowned.

Every stage of the journey - from city auditions to the national finale - is a media moment, a content opportunity, and a brand activation platform for our partners.

India Icon 2026 is not chasing the world. It is celebrating India.

MORE THAN JUST A PAGEANT - IT'S CULTURAL CAPITAL

THE INDIA ICON JOURNEY

EIGHT CITIES. THREE ROUNDS. ONE STAGE.

India Icon 2026 is structured across four progressive stages - each one a distinct brand activation opportunity for our partners.

Stage 1 - City Auditions

Auditions are held across 8 states at premier fashion and management institutes. Each audition city features a branded media wall, a professional photography setup, and a three-member jury panel.

Stage 2 - Quarter Finals - Lucknow

160 selected participants from 8 states compete in the first national round. Grooming sessions, editorial photoshoots, and runway presentations. Sponsor products are actively used, worn, and photographed across every session.

Stage 3 - Semi Finals - Delhi

60 participants advance. The competition intensifies. National media coverage begins. Delhi's fashion and media community creates natural amplification for every partner associated with India Icon at this stage.

Stage 4 - Grand Finale - Zee Studios Jaipur

40 participants. 10 winners crowned across 10 categories. A fully produced stage event with national press coverage, social media reach, and VASTRA Magazine editorial integration. This is where India Icon becomes a brand moment that outlasts the event itself.
